 <https://devrajbasnet.github.io/personalportfolio/>

Detail-oriented and passionate QA enthusiast with a solid foundation in software development, programming, and database management. Skilled in languages like C, C++, Java, Python, and C#, with a growing interest in manual and automated testing. Experienced in working on academic projects, including hospital management systems and responsive web design, showcasing strong analytical and problem-solving abilities. Dedicated to learning QA methodologies and tools to ensure the delivery of high-quality software products.

EXPERIENCE

React Developer (3 months Internship)

Sipalaya Infotech

Balkumari, Lalitpur
Mar, 2024 - Jun, 2024

- Developed and optimized frontend components using React.js.
- Collaborated with the team to improve application performance and UI/UX design.
- Gained experience in version control and project management tools.
- Assisted in integrating APIs and managing state using React.
- Gained experience in version control and project management tools like Git and Jira.

.net Developer (3 months Internship)

SiliconSoft and IT consultant

Shantinagar, Kathmandu
Sep, 2024 - Jan, 2025

- Developed Web Applications – Built and maintained ASP.NET Core MVC applications with C# and Entity Framework.
- Implemented Authentication & Authorization – Used ASP.NET Identity for secure login and role-based access control.
- Designed & Optimized Database – Developed SQL Server schemas, wrote stored procedures, and optimized queries for better performance.
- Worked with Repository & Unit of Work Patterns – Ensured clean architecture and efficient data handling in application development.

EDUCATION

Bachelor of Science in Computer Science and Information Technology

Swastik College (Tribhuvan University)

Chardobato, Bhaktapur
Nov, 2019 - Dec, 2024

Relevant coursework: Software Engineering, Database Management Systems, Programming Languages

SLC(+2)

Shree Padma Secondary School

Durbar Square, Bhaktapur
Jul, 2017 - Aug, 2019

National Examination Board

PROJECTS

E-Commerce Website | HTML, CSS, JAVASCRIPT

Developed an E-Commerce website using HTML, CSS, and JavaScript, implementing features like product listings, shopping cart, and checkout process, while designing user interfaces to enhance the shopping experience and boost user engagement.
<https://github.com/devrajbasnet/ecommercewebsite.git>

Restaurant Webapp-Momos | REACT

Offers intuitive menu browsing with easy ordering and reservation capabilities, designed with a modern, responsive layout to ensure a seamless user experience.
<https://github.com/devrajbasnet/everestmomoapp.git>

Food Ordering Website | REACT

Developed a user interface for displaying a restaurant’s menu, enabling users to browse categories and view item details. Included an About and Contact section, with social media links accessible in the footer.
<https://github.com/devrajbasnet/Foodordering.git>

Breast Cancer Detection using Logistic Regression |PYTHON WITH DJANGO, HTML, CSS

Contributed to the development of a Breast Cancer Detection system using Logistic Regression, integrating front-end and back-end functionalities to enhance detection accuracy and improve diagnostic tools.
<https://github.com/devrajbasnet/breastcancer.git>

Hospital Management System | Asp.Net Core

Developed a Hospital Management System using ASP.NET Core, C#, SQL Server, and Entity Framework to streamline hospital operations. Implemented authentication & role-based access control using ASP.NET Identity. Designed CRUD operations with Repository & Unit of Work patterns for efficient data handling. Features include patient management, doctor scheduling, appointment booking, and billing system. Ensured secure, scalable architecture with proper error handling & logging for system stability.
<https://github.com/devrajbasnet/Hospital.Web1.git>

ACHIEVEMENTS

Project Leader (7th sem)

Led a team to successfully develop and implement ["Breast Cancer Detection System Using Logistic Regression with using python with Django"]. Managed all phases from planning and design to execution and deployment, ensuring timely delivery and adherence to quality standards.

Member of Swastik IT Club

Actively contributed various IT-related events,workshops, and competitions,enhancing technical skills and fostering colloboration within the club.

TRAINING/CERTIFICATIONS

Graphic Design Training <i>Dzine Folio</i>	2019
Basic Python and Block Chain Training <i>Next Step Training Center.</i>	2023
Professional Frontend with React Course <i>Skill Training Nepal</i>	2024
Quality Assurance Fundamentals Certification <i>Online</i>	2024

SKILLS

Programming Languages:[C,C++,Java,Python,C#], Web Development:[HTML,CSS,JavaScript], Frameworks and Libraries: [React,Django], Databases:[MySql,Sql,MongoDB], Tools and Technologies:[Git,Linux,AWS,Docker], Networking:[Cisco Packet Tracer], API Testing(Rest API, Postman), Bug Tracking(Jira, TestRail), Web Testing(Chrome DevTools,BrowserStack), Mobile Testing(Xcode, Android Studio), Software Development Methodologies(Agile, Waterfall, Others[Strong communication and problem-solving skills, project management tools]

LANGUAGE

Nepali (Native), English(fluent), Hindi(fluent)
